

Eckford Township Special Meeting March 9, 2022

A special meeting of Eckford Township Board was held on Wednesday March 9, 2022 @ 6:00 pm in the Eckford Township Hall. A quorum being present, the meeting was called to order at 6:00 pm by Supervisor Rapp. Other board members in attendance, Treasurer Baylis and Clerk Blight, Trustee Cornell. Trustee Maksimchuk. Also in attendance was Dave Cleveland from DMCI Broadband Company.

The topic of this meeting was possibly installing an DMCI Broadband internet tower on the Township property or in the area to serve the residents of Eckford Township.

Dave Cleveland explained to the Board members what it would entail to place an internet tower in Eckford Township. DMCI would cover the cost of the tower, installation and other miscellaneous fees to get the tower operational. If a tower is placed on the Township property the monthly income would be \$250.00 minus any internet service fees. The residents would pay for monthly internet service if they desire. Starting cost for monthly service is \$45.99. Mr. Cleveland will evaluate the best locations for the tower and get back to the Board.

Having no further business, Supervisor Rapp moved we close the meeting @ 7:00 pm.
